Special Education Placements Provided by the Board

The Kawartha Pine Ridge District School Board (KPR) provides a range of placements for students with exceptional needs but balances this with the practice of inclusion. We believe that most students are successful in their home schools within their community and with their same-aged peers.

The Special Education Advisory Committee (SEAC) of KPR provides specific information, advice, and assistance to parents/guardians whose children may require additional support. This committee makes recommendations to the Board concerning the establishment and development of special education programs and services. The committee is composed of member representatives from a variety of community agencies that provide services for children throughout KPR.

How does SEAC provide advice on the range of placements offered?

SEAC maintains an advisory role as they make recommendations on any matter affecting the establishment and development of special education programs/ services. Any change to KPR's Special Education Model is designed in consultation with members of SEAC and is presented to SEAC for formal input and feedback.

- SEAC receives regular input from Board staff regarding the range of placements and services available in the Board's schools.
- SEAC members receive feedback from parents/guardians on the range of placements available as part of their role supporting parent/guardian and community members.
- SEAC receives regular input from Board staff regarding the budget process, then makes budget recommendations in consideration of the range of placements offered in the Board's schools.

Is regular classroom placement the first option considered?

Yes. As required by Ministry of Education policy, and in keeping with the inclusion goals of KPR, placement in the regular classroom is the first option considered for students. For any student presented to the Identification, Placement and Review Committee (IPRC), regular classroom placement is always considered as the first option before other special education programs.

How are students integrated into regular classrooms?

Inclusion in regular classrooms is an expectation for students in KPR. To facilitate this, the following may occur:

- entry plans created for students with high needs in collaboration with partners, including parent(s)/guardian(s), school staff, community agencies, and Board staff,
- development, implementation, and review of an individual education plan (IEP),
- establishment of intensive support, if required, and
- deliberate transition and exit planning in collaboration with all parties.

What are the types of placements provided?

In both the Elementary and Secondary panels, the placements provided in Kawartha Pine Ridge District School Board for students who are presented to the IPRC are:

- Regular Class with Indirect Support
- Regular Class with Resource Assistance
- Regular Class with Withdrawal Assistance
- Special Education Class with Partial Integration - learning and life skills class (LLS) and primary communications class (PCC).

What are the criteria for changing a student's placement?

The school team, in consultation with parent/ guardian/ student 18+, will determine if the present placement is not meeting the needs of the student or that the student no longer requires the placement or current level of support. This decision is made through an IPRC meeting.

What are the alternatives to the Board's range of placements?

The alternatives may include:

- SAL (Supervised Alternative Learning)
- Home Instruction (in accordance with the Board Policy)
- Provincial Demonstration Schools (i.e., Sagonaska, Trillium, Sir James Whitney)
- Education and Community Partnerships Programs, often referred to as Section 23 programs, to which admissions are by referral, in collaboration with the supporting agency and with parent/guardian approval

How are these options communicated to parents/guardians?

Communication of placement options beyond those provided by the Board are shared with parents/guardians through several means:

- school principals/special education school staff/central special education services staff
- staff from supporting agencies or institutions which are being considered via a case conference with school staff and parent(s)/guardian(s)
- the KPRDSB parent brochure, "Parent/Guardian Guide to Special Education"
